APRIL 2020

## Rate Case information

Powder River Energy is seeking a 4.23% rate increase in a general rate case with the Wyoming Public Service Commission (PSC).

The case is being filed in order to capture fixed costs being lost due to declining sales, and to bring the basic charge closer to cost of service.

A PRECorp Residential member using the average amount of 1,175 kWh, will see an \$11.23 increase in their monthly bill, which includes a \$1.50 increase in the basic charge.

The case also includes: Billing for Residential Seasonal services moving from annual to monthly; Optional Time of Use rates for all classes; Elimination of the postmark rule (payments must be received in the office by the due date); and, Re-integration of the Coal Bed Methane rate into General Service classes.

Rate case changes are scheduled to take effect September 1, 2020, per PSC approval.

Members who would like to discuss the case with PRECorp staff can do so Tuesday, April 21. The meeting is now a telephone town hall meeting because of social distancing requirements for the COVID-19 virus precautions. PRECorp will call members at 4:30 p.m. Go to [www.precorp.coop/2020-rate-case](http://www.precorp.coop/2020-rate-case), or call PRECorp Member Service at 1-800-442-3630 for more information.
