

Director nominating process underway

The 2026 PRECorp Board of Directors election process is officially underway with the designation of the nominating committees in four PRECorp counties. The election will be held at the Annual Meeting, on August 22, in Buffalo.

The following are ways to get on the ballot:

- Be nominated by the committee appointed by the PRECorp Board of Directors. See contact names and numbers below.
- Return a nominating petition, signed by at least 25 PRECorp members, by June 12, 2026.

Any PRECorp member from the aforementioned director districts can run for a three-year term on the Board, providing the member meets the following qualifications:

- Must reside within the service territory of the county from which he/she is elected.
 - *However, members taking service outside the counties of Campbell, Crook, Sheridan, Johnson, or Weston shall be deemed to be a member of and within the area served by the county closest to the nearest meter serving the members' residence;*
- Must be a member receiving electric energy from the Corporation;
- May not be in any way employed by, or have a substantial financial interest in, a competing enterprise or a business selling electric energy or supplies to the Corporation.

Contact PRECorp at 1-800-442-3630, if you would like to stand for nomination to the ballot or, with specific questions regarding eligibility.

The following Director seats are up for election in 2026:

Campbell County (Tyler Pirtz, incumbent)

Committee members: Randy Crowley (307-670-5062); Gary Stephens (307-689-6328)

Crook County (Philip Habeck, incumbent)

Committee members: Chase Williams (307-756-2825); Will Yemington (307-290-0647)

Sheridan County (Mike Helvey, incumbent)

Committee members: Paul Perry (307-737-2230); Leo Ankney (307-750-2435)

Weston County (Clay Branscom, incumbent)

Committee members: Mike Finn (307-468-9337); Jim Darlington (307-746-2634)

Campbell County.

3 Ways to Help Limit Tree Trimming

Did you know electric utilities are required to trim trees and other types of vegetation that grow too close to overhead power lines? We know you love your trees, and we will do everything we can to avoid trimming them.

Here's how you can help:

1. Plant trees in the right place. Trees that will be <40 ft. should be planted at least 25 ft. away from power lines (>40ft. should be at least 50 ft. away).

2. Don't block pad-mounted transformers. Plant shrubs at least 10 ft. away from transformer doors and 4 ft. from transformer sides.

3. Report dangerous branches. If you spot a tree or branch that is dangerously close to power lines, please let us know.
