

There's more to this little card than you think.

From pharmacy and vision care, to dining and hotel stays ...you'll find great bargains with your **FREE Co-op Connections Card.**

Did you know you can save from 10% to 60% (on prescriptions not covered by insurance) at over 60,000 pharmacies nationwide?

Coop membership has its benefits! Go to www.connections.coop to create your account and download your card. If you already have a card, you can access your account and find discounts near you, or in locations where you will be traveling!

It's so easy...when purchasing prescriptions, just present your Co-op Connections Card at a participating retail pharmacy to receive a discount!

To locate providers in your area go to www.locateproviders.com. For local discounts, go to www.connections.coop, set up an account/login, and enter your zip code; or call 1-800-442-3630 or visit www.precorp.coop

TIPS TO DITCH THE SPACE HEATER

Space heaters are energy hogs, and older models can be extremely dangerous. This winter, ditch the space heater and try these alternative solutions to stay cozy.

- Use an electric blanket to keep warm during the night.
- Caulk and weatherstrip around all windows and doors to prevent heat loss.
- Consider adding insulation to your attic and around duct work.

Have a medical necessity?

In an effort to better serve our members with special health care needs, PRECorp is requesting information from our members who may have electricity-dependent residential medical equipment such as oxygen or dialysis machines.

Typically this information is gathered when members join the Cooperative and sign up for PRECorp electrical service.

However, if members have obtained the medical equipment since joining the Cooperative, members may want to share that information with us.

The purpose for knowing this information is to notify members with medical necessities of scheduled outages that might impact their service.

Members will need to provide a doctor's note for our files explaining the medical necessity.

For more information or to update your information, contact PRECorp Member Service at 1-800-442-3630.

Powder River Energy Corporation will make every effort to restore electrical service as soon as possible during an outage. There is no guarantee the power will be restored within a given time frame. Individuals are responsible to have an alternative plan if power cannot be restored before any condition becomes critical.

Energy Efficiency Tip of the Month

Maximize your heating system's performance by inspecting, cleaning or replacing air filters once a month or as needed to reduce energy costs and prevent potential damage to your system.

Make sure radiators, baseboard heaters and warm-air registers aren't blocked so air can flow freely.
