PRECorp employees on the 2019 Apprentice Lineman Scholarship Banquet Committee gather after another successful event.

## Funds raised for scholarships

The 5th Annual PRECorp Apprentice Lineman Scholarship Banquet was held Saturday, April 27, in Gillette.

The event is held to raise funds and awareness for the program which encourages locally-grown, high-school age youth to explore opportunities in the field of electrical line work.

Funds raised through the banquet ticket sales, live auctions, silent auction, and raffles are made available to assist aspiring linemen to pay for some of their post-secondary schooling, certifications, and tools of the trade.

The program began to give local youth career opportunities and create a group of line workers to replace those who are retiring across the region.

There are numerous games of chance and skill where attendees can enter to win a variety of firearms.

This year's banquet featured the raffle of a 2019 Polaris 900 Side-by-Side, which helped raise the total net funds generated to more than \$25,000. Betty Finn of Upton purchased the winning ticket. Nine other runner-up prizes were given from this drawing.

"Thanks to many donations from attendees, and special sponsors listed below, the event continues to grow and be successful," said banquet committeeman Mike Bingham. "We sincerely appreciate those who give of their resources and time to help give our local youth career opportunities they wouldn't normally have."

Pat at K&K Auto Repair of Gillette, one of the major sponsors of the event, stated: "All in all, my co-workers and I, and our significant others, really had an excellent and enjoyable evening. All in thanks to

CEO Straight Talk

Annual Meeting

Calendar

Bylaw notice

**MIKE EASLEY,**  
CEO

I am really excited about this month's article as it represents the fourth article this year describing PRECorp's Strategy. I started in February with a discussion on our Moonshot and followed up discussion on three of our six strategic initiatives for the year which include our Culture, RAMPP, and Power Pitch initiatives.

This month I want to talk about our Ten-Year Rate Design initiative. You may recall from my February article on the PRECorp Moonshot that we envision a future where the first 1000 kWh of energy usage will be at or near zero cost by 2050. It is important to understand the cost we are hoping to drive to zero, will be the energy component of the bill.

## 2019 Initiatives:

MAY

**1. RAMPP - Focus on what is important**

MAY

**2. Power Pitch - Employee driven improvements to technology or systems**

JUNE

**3. Ten-Year Rate Design - Controlling each part of a member's bill**

**4. Ten-Year Digital Strategy - Improve efficiency for members and the cooperative**

**5. Strategic Awareness - Build knowledge of the strategy with employees and members**

APRIL

**6. Culture Management - Develop employee leadership and innovation**

Go to [www.precorp.coop/strategy-map](http://www.precorp.coop/strategy-map) to see past initiative columns.

**MOONSHOT:  
Drive down costs so that the first megawatt hour of energy usage is at or near zero by 2050.**

per-kWh charge in order to recover the costs needed to provide you with safe and reliable electric service.

In this type of rate structure, there is not much visibility into the true aspects of what the costs are and how we recover them. If we realized our Moonshot today, we would not be able to show you on the bill where those savings are really coming from in a clear and transparent manner. Transparency, through providing you greater detail of these costs, is one aspect of the Ten-Year Rate Design strategy. Having this level of detail will allow you, and you cooperative, the ability to better control the costs that are driving these rates. We will do this in very small steps over time so that you are not overwhelmed with information and continue to produce a bill that is easy to read and understand.

Another aspect of the Ten-Year Rate Design strategy is that we will become even more focused on the various costs that go into the rate. That awareness will help us find more efficiencies and opportunities to control and reduce costs. Last month the Board formed a special committee to work with staff on the Ten-Year Rate Design strategy to make certain our focus remains on our member-consumers as we move forward.

As you all know, rates and reliability are where the rubber meets the road. It is really difficult to hold rates when overall sales are in decline. During times of declining sales, it is tempting to relax standards to save costs and unfortunately reliability can erode. PRECorp has been able to keep focused on our standards, and has been improving reliability at the same time that our sales are declining. This is quite unusual. This is one of the benefits of our strategic focus and vision.

We are anticipating a rate increase in mid 2020. The study work we are currently doing and our efforts on the Ten-Year Rate Design strategy will ensure that our rates are the best we can possibly do while keeping the PRECorp system operating efficiently, safely, and with quality of service in mind. I will be keeping you apprised as the numbers develop and our strategy is implemented. Please keep an eye out for next month's article on our remaining Strategic Initiatives for 2019.

I hope you enjoy your summer!

# Proposed PRECorp bylaw amendments

In accordance with a new State of Wyoming law that takes effect on July 1, 2019, the PRECorp Board of Directors propose amending the Cooperative bylaws at its regular meeting on Tuesday, July 16, in Sundance. The bylaws are published on pages 4-12 of this edition of the PRECorp News.

Following is a general summary of the significant changes proposed, referenced in the main body of the bylaws on pages 4-12.

Anyone with questions on the bylaw approval process, or who would like to appear in person at the meeting, should contact PRECorp Administration at [adminhelp@precorp.coop](mailto:adminhelp@precorp.coop), or call 1-800-442-3630.

## Summary of proposed amendments from Legal Counsel

**Throughout:** The Board of Directors propose deleting the word Cooperative throughout the by-laws and in its place including the word Corporation to reflect the fact PRECorp is in fact a business corporation, notwithstanding the fact it is also a Cooperative.

**Article I (proposed Sec. 7):** The Board of Directors propose creating a class of membership (Class C) to allow PRECorp to become a wholesale power provider and if the Board does establish more than one class of membership the class of membership shall be defined and the qualifications for becoming a Class C member shall also be identified.

**Article IV:** The Board of Directors propose the Board would be managed by a Board of ten (10) and there could be one (1) director for each Class C member up to a maximum of four (4) Class C directors.

**Article IV, Sec. 3:** The Board of Directors propose to make it clear a nominee for a director position must reside within the service territory of the county from which he or she is elected. However, if there is a member who takes service outside of the counties of Campbell, Crook, Johnson, Sheridan or Weston that member shall be deemed a member of and within the area served by the county closest to the nearest meter serving the member's residence.

**Article IV:** The Board of Directors proposes amending Section 3.2 eliminating the opportunity for director candidates to be nominated from the floor during the annual meeting.

**Article V, Sec. 2:** The Board of Directors propose Notice of Director meetings may be sent either personally, by mail or electronically.

**Article VII, Sec. 2:** The Board of Directors propose the Corporation shall have a lien against all capital furnished by a member.

**Article XII:** The Board of Directors propose to enact the provisions of Wyoming Statute §17-20-729(b) (c) (LexisNexis 2019) authorizing the amendment of by-laws by a two-thirds (2/3) vote of all directors at a regular or special meeting of the Board at which notice of any proposed by-law amendment or repeal and the date of the board meeting at which an amendment or repeal will be considered shall be delivered to the members at least thirty (30) days prior to the meeting.
